School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

California Virtual Academy @ Sutter believes that, given a comprehensive and mastery-based curriculum, high expectations, access to technology, strong instructional support, a significant amount of off-line work, guidance from experienced teachers, and a strong commitment from parents or other caring adults, a well-conceived virtual education program will boost student achievement, serve the unique needs of students and families, and offer a new model for effective public education in the 21st century.

The goals of our educational program include:

- Enabling all students to become self-motivated, competent and lifelong learners
- Empowering the parent as the teacher through a guided program and training
- Offering flexibility and choices to increase student interest in learning
- Using a variety of lessons, activities, and modalities to improve student achievement
- Striving for mastery of all skills by every student
- Developing reflective learners
- Developing technology literate students

Our Mission Statement

The mission of California Virtual Academy @ Sutter is to foster relationships and build a community of engaged learners through dynamic, high-quality instruction. Working in partnership with students, parents/learning coaches, teachers, and leaders, we will ensure instructional excellence and high standards for student achievement.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015-16)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered by the school district that are aligned to the model curriculum standards. The list should identify courses conducted by regional occupational centers or programs and those conducted directly by the school district. This section provides a listing of the primary representative of the career technical advisory committee of the school district and industries represented.

We do not offer CTE.

Opportunities for Parental Involvement (School Year 2016-17)

CAVA @ Sutter provides an individualized standards-based education for students in the state of California. Our team of hardworking, highly qualified staff works as partners with parents to provide an innovative and challenging education that focuses on traditional instructional models to promote mastery of the California Content Standards. CAVA @ Sutter believes parents are integral in the acquisition of knowledge, and works to strengthen family values, promote character, and provide skill mastery through the use of technology and the K12, Inc. Curriculum.

SCHOOL COMMITMENTS

To support achievement goals, the school staff commits to the following:

- Inform parents of the instruction and interventions in place that will enable students to meet proficiency levels in reading, writing, and/or math.
- Provide a positive, safe, and effective online learning environment for all.
- Provide information for parents through weekly classroom newsletters and offer information on how they can support their child's learning at home.

To support effective, ongoing communication between the school and home, the school staff commits to the following actions:

- Provide learning coach with resources so is responsible to ensure the child is participating appropriately in the instructional program.
- Participate in communication activities, including, but not limited to, phone calls, email, and in-person meetings.

PARENT COMMITMENTS

To support achievement goals, we ask that parents commit to the following:

- Ensure that my child gets enough sleep each night, provide nutritious meals, and encourage regular exercise.
- Set high expectations for his or her academic achievement.
- Attend school events, workshops, and meetings, and when appropriate.

To encourage effective, ongoing communication, we ask parents to commit to the following actions:

- Respond to emails, phone calls, or be willing to participate in in-person meetings with school staff.
- Initiate communication with school staff when there is a concern or question.
- Attend school events, meetings, and workshops and ask questions, share ideas with other parents and offer suggestions for how the school can improve opportunities for student success.

School Safety Plan (School Year 2016-17)

The California Virtual Academy takes staff and student health and safety very seriously. Because the school will be a virtual school, there will be no need for a school building where classes are held on a daily basis. The administrative office currently complies with all ADA, OSHA, and local health and safety requirements. The school has obtained all necessary permits for these offices including a building and fire marshal inspection and/or a certificate of occupancy.

Immunization forms and other pertinent medical records will be kept (confidentially) on file by the school administration. Parents are expected to ensure that their children obtain proper immunizations prior to matriculating pursuant to Chapter 1 (commencing with §120325) of Part 2 of Division 105 of the Health and Safety Code. The school may exempt students from enrolling who are not properly immunized pursuant to §48216 (a-c) of the Education Code. Those parents who are having difficulty obtaining immunizations for their children will be provided information on where to get immunized in their community.

All pertinent and required health and safety documentation is collected at time of hire or enrollment as appropriate. Documentation is on file in the student's records or employee records held in security at the Simi Valley, CA office. Copies of employee records and student records can be made available at the request of the School District.

The school has drafted health and safety procedures that the school will follow to ensure the health and safety of pupils shall which include compliance with the criminal background check requirements described in Sections 44237 and 45125.1 of the Education Code.

Professional Development (Most Recent Three Years)

California Virtual Academy @ Sutter's (CAVA @ Sutter) professional development activities for the TK-12th grade staff are designed to be pertinent to staff professional needs and to enhance student instruction and learning. A variety of staff development opportunities are provided to increase interest and expertise, acquire new ideas and materials, and develop instructional techniques, strategies, organization, and classroom management skills.

CAVA @ Sutter's administration staff holds meetings in person, as well as virtually, various time of the year to provide staff professional development. In Person professional development meetings occur at the beginning of the school year, and quarterly thereafter. Virtual teacher meetings also occur regularly throughout the year, both weekly with local teacher teams and monthly to provide All Staff Professional Development. Teachers are also welcome to research and attend workshops they feel will be beneficial to the enhancement of their profession. Administration provides surveys to both staff members and parents to determine areas of need in Professional Development for teachers on a regular basis (monthly and at the end of each school year).

Lead teachers provide expertise in areas of strength through ongoing training and support to staff.

Each department within the school provides specific professional development for teachers.

The Elementary Department staff participates in both in-person and virtual professional development throughout the year. A one-day, in-person professional development conference is held in August prior to students starting school. This conference provides dynamic opportunities for all elementary staff to engage in collaboration, professional development, and preparation for the upcoming school year. It also provides a unique venue for teachers and leaders alike to work together in person, both in large and small groups, to focus on program updates, instructional excellence, and student achievement.

Professional Development topics for each school year are selected based on feedback provided by staff on surveys and from our Student Achievement Plans, which are grade-level curriculum and support maps to help teachers guide their instruction and support students on their individual path to success.

Additional in-person professional developments are held in October and March to allow grade levels to conference together to improve instruction, test readiness, and academic assessment data and response.

Virtual professional developments are held monthly and 2016-2017 topics include: i-Ready: Understanding the Data and Utilizing the Resources for Effective Instruction, Effective Instruction: Planning with the End in Mind (using rubrics and anchors to teach effectively), Student Engagement in the Virtual Classroom, Student Referral Processes; Standards Mastery/Mid-Year Diagnostic; Instructional Grouping, Common Core State Standards Valentine Party, and Planning for a Strong Finish to the 16-17 school year. In addition, staff has utilized the book Teach Like A Champion for three years as part of ongoing professional development.

Data conferences are held with all levels of elementary school staff. Director with Principals, Principals with RLs, and RLs with teachers. These conferences are held bi-weekly, as data is relevant for analyzation and discussion. These are in tandem with teacher observations and feedback in order to develop teaching strategies and student support. Grade levels meet as a team each week to plan for the upcoming instructional periods.

Middle School PD:

Professional Development is offered to staff on a continuous basis throughout the school years.

- Campus All Staff Professional Development
 - Scheduled quarterly during non-instruction days
- Team Staff meetings & Data Conferences
 - Scheduled for the afternoon of the last Tuesday of each month
- Professional Learning Communities
 - Scheduled quarterly during non-instruction days
- Teacher Collaboration Meetings
 - Scheduled in person quarterly during non-instruction days

Data conferences are held with all levels of middle school staff. Director with Middle School Principals, Middle School Principals with RLs, and RLs with teachers. These conferences are held bi-weekly, as data is relevant for analyzation and discussion.

Instructional coaching observations that takes place two times each instructional cycle provides teachers with valuable time for reflection, feedback, action steps for furthering their instructional strategies for virtual teaching, and instructional resources. In addition to supporting individual professional development for professional growth to meet student needs, staff are encouraged to pursue professional development based in their specific areas of interest to continue to develop as lifelong learners and to encourage innovation, collaboration, shared leadership, and rigorous professional growth.

Teacher Trainings are provided throughout the school year. Trainings ensure that our staff are knowledgeable of the middle school program, processes, and procedures. Timely trainings are provided to staff through our administrative team, teacher mentors, and K12 Training.

Individual professional development will include, but is not limited to, book studies, available and applicable training through K12 Training and InSperty, and outside training sources, as needed.

Principals and Regional Leads in Middle School participate in various book study groups to grow their leadership abilities.

CAVA @ Sutter's Intervention Specialists work closely with those students who are struggling with math and language arts. Professional development for this team has focused on instructional strategies for improving the quality of instruction, closely monitoring progress, and adapting lessons to meet the needs of individual learners. The intervention department partnered with an expert from the National Center on Intensive Intervention to provide professional development tailored to the unique needs of this team. Professional development is in-person once per semester, and occurs virtually monthly. These events encourage staff to collaborate and participate in case studies to strengthen the impact of instruction with CAVA @ Sutter students.

High School

A needs assessment is used to determine professional development topics offered throughout the year for high school staff. Initial topics are chosen based on the results of a survey sent to staff in the spring of the prior year, with adjustments to professional development offered as needs arise. Topics covered have included, Instructional Strategies, Communicating Expectations, Supporting At Risk Students, Student Engagement, Providing Meaningful Feedback, and Supporting Academic Achievement. High School staff attend both virtual (monthly) and in-person (quarterly) formats throughout the year, and teacher-led sessions are encouraged. In addition, all staff members are encouraged to seek outside professional development to meet additional individual needs by submitting a proposal which is reviewed by administration and approved in accordance with LCAP Goals.
