General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

All courses within each program/pathway are offered by highly qualified CTE teachers credentialed in the course of study. Students complete a course of study that includes a career exploration course, concentration courses that are pathway specific, and a capstone course. Certifications can be earned after completing relevant courses within a pathway and taking the necessary exam.

Middle School offered 2 career prep courses to 6th - 8th grade students: MS Careers Explorations I (6th) and MS Careers Explorations II (7th or 8th). Students who had previously taken the MS Careers Explorations II course were eligible to enroll in the following high school CTE courses:

TCH007 World of Computing (S1) and TCH008 Web Design (S2)
CAR095 IT Explorations
CAR017 Business and Marketing Explorations

The CTE Advisory Committee members come from a wide range of fields in business and industry, including current program offerings, as well as planned offerings.

- Building and Construction Trades, Manufacturing and Product Design
- Information and Communication Technologies
- Manufacturing and Product Development, Engineering and Architecture
- Post-Secondary
- Health Science and Medical Technology
- Arts, Media and Entertainment

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 9	12.7	12.7	12.7	12.7	12.7

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Direct parental involvement is fundamental to our school's success. Parents are actively involved from the time of initial enrollment by researching our program and choosing to enroll their child in our school. The onboarding process welcomes families, informs them of our enrollment requirements, and provides coaching and support to prepare them for success in our school. Parents work closely with their student's teachers when they have questions or concerns about their student's progress or curriculum.

Our program is enhanced by our commitment to providing a top-quality education to our students while providing training and engagement opportunities to our parents and families. Parents are trained to navigate the online school platform and coached on providing effective learning support under the guidance of highly qualified and certificated teachers. Parents are exposed to a content-rich curriculum, including mathematics and problem-solving, classic literature, a comprehensive retelling of the story of history, various musical genres, and great works of art. We keep parents informed and updated through the ParentSquare platform, social media, and the LC Community platform. We have many online and offline resources, live and on-demand, including Coffee Chats (parent connection opportunities on relevant topics led out by staff), parent training, Parenting with Purpose workshops (offering SEL resources and collaboration), attendance coaching and support, and parent orientations for new and returning families to ensure parents understand program expectations and students are engaged in learning.

Parents are an integral part of our school's student support team, helping us evaluate our program each year through meeting participation and regular feedback. Each year, when surveyed, parents state that they are actively involved in their child's education. Parents and families engage and connect with school staff and other students and families through our Family Teacher Organization (FTO), LC Community platform, and family activities and events. Parents are encouraged to participate and provide feedback through surveys and parent engagement meetings, give feedback on the LCAP and Title I services, and participate in school board meetings, and other parent activities. They are also encouraged to offer suggestions and feedback regarding outings, social events, and other activities. We have parent representatives in our school stakeholder meetings.

We have partnered with Care Solace to support the well-being of our community. This is a complimentary and confidential care coordination service for mental health and recovery, provided to students, staff, and families.

2024-25 School Safety Plan

The California Virtual Academy takes staff and student health and safety seriously. Because the school is a virtual school, there is no need for a school building where classes are held daily. The administrative office currently complies with all ADA, OSHA, and local health and safety requirements. The school has obtained all necessary permits for these offices including a building

2024-25 School Safety Plan

and fire marshal inspection and/or a certificate of occupancy.

Immunization forms and other pertinent medical records are kept (confidentially) on file by the school administration. Parents are expected to ensure that their children obtain proper immunizations before matriculating pursuant to Chapter 1 (commencing with §120325) of Part 2 of Division 105 of the Health and Safety Code. The school may exempt students from enrolling who are not properly immunized pursuant to §48216 (a-c) of the Education Code. Those parents who are having difficulty obtaining immunizations for their children will be provided information on where to get immunized in their community. All pertinent and required health and safety documentation is collected at the time of hire or enrollment, as appropriate. Documentation is on file in the student's records or employee records held in security at the Simi Valley, CA office. Copies of employee records and student records can be made available at the request of the School District.

The Comprehensive School Safety Plan is reviewed annually with educational partners in the fall and then updated by staff. The school board approves it every year in December. The plan is discussed with school staff at the beginning of each semester.
