## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

CALIFORNIA  
VIRTUAL  
ACADEMIES™

POWERED BY STRIDE K12

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	25	34	21	28	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2024-25 Career Technical Education Programs

In the 24-25 school year, the Career & College Prep campus began its seventh year with the following CTE programs and certifications offered:

1. Business and Finance Program:  
Business Management Pathway  
Finance Pathway
2. Marketing, Sales, and Services Program:  
Entrepreneurship/Self-Employment Pathway  
Multimedia Marketing & Business
3. Information and Communication Technologies Program:  
Game and Simulation Pathway  
Information Support and Services Pathway  
Networking Pathway
4. Health Sciences and Medical Technology Program:  
Medical Assistant Pathway

## 2024-25 Career Technical Education Programs

Medical Coding Pathway

5. Arts, Media, and Entertainment Program:

Animation Pathway

Digital Photography Pathway

Graphic Design Pathway

Web Design Pathway

Multimedia Production Pathway

6. Public Services Program:

Legal Practices Pathway

7. Multiple certification opportunities to include:

Microsoft Office Specialist

Entrepreneurship & Small Business

Communication Skills for Business

Project Management Ready

QuickBooks

First Aid, CPR/BLS

Certified Clinical Medical Assistant

IC3 Computing Fundamentals

Multiple IT Specialist certifications

Unity

Multiple Adobe certifications

All courses within each program/pathway are offered by highly qualified CTE teachers credentialed in the course of study. Students complete a course of study that includes a career exploration course, concentration courses that are pathway specific, and a capstone course. Certifications can be earned after completing relevant courses within a pathway and taking the necessary exam.

Middle School offered 2 career prep courses to 6th - 8th grade students: MS Careers Explorations I (6th) and MS Careers Explorations II (7th or 8th). Students who had previously taken the MS Careers Explorations II course were eligible to enroll in the following high school CTE courses:

TCH007 World of Computing (S1) and TCH008 Web Design (S2)

CAR095 IT Explorations

CAR017 Business and Marketing Explorations

CAR015 PBL AV, Art, Communications Explorations

The CTE Advisory Committee members come from a wide range of fields in business and industry, including current program offerings, as well as planned offerings.

- Vince Saavedra- Building and Construction Trades, Manufacturing and Product Design
- Robert Nicolson- Information and Communication Technologies
- Gary Jones- Manufacturing and Product Development, Engineering and Architecture
- Gary Roldan - Post-Secondary
- Maegan Carey- Health Science and Medical Technology
- Joe Berry - Arts, Media and Entertainment
- Daliah Karajeh- Arts, Media, and Entertainment
- Kimberly Beasley - Health Science and Medical Technology

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility

Grade 9	18.7%	18.7%	18.7%	18.7%	18.7%

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2025-26 Opportunities for Parental Involvement

Parental involvement is a foundational element of our school's success, starting from enrollment and continuing throughout their child's academic journey. Our onboarding process ensures parents are well-prepared for their child's educational experience, with clear communication about requirements and resources to support student success. Parents stay actively engaged through regular communication with teachers and staff, training on how to use the online learning platform, and opportunities to support their child's learning.

Our school offers a range of tools to keep families informed, including ParentSquare, the LC Community platform, and social media. Parents also have access to a variety of live and on-demand resources, including Coffee Chats, parent training sessions, and workshops on topics such as "Parenting with Purpose" and attendance coaching. These resources are designed to help parents understand the program's expectations and feel confident in supporting their child's education.

Parents play a vital role in shaping our school community through involvement in program evaluation and decision-making. They contribute feedback via surveys, meetings, and participation in the Family Teacher Organization (FTO), as well as at school board sessions and in discussions on services, resources, events, and activities. Parents can also provide direct feedback to teachers and school administrators.

Our partnership with Care Solace also provides a complimentary and confidential care coordination service to support families, further strengthening our community.

Teachers maintain close connections with students and parents through regular check-ins, including homeroom connections and parent conferences held across grade levels. In high school, counselors ensure students stay on track with their graduation plans. Teachers also provide updates on academic performance through progress reports, Star 360 assessments, and access to student data on the online platform.

To foster transparency and collaboration, leadership teams share updates on academic expectations, state standards, and testing requirements, ensuring a clear understanding of expectations. Parents are encouraged to participate in regular meetings to provide input and suggestions. For parents who cannot attend the live meetings, recordings are available, including resources and access to the survey to provide feedback. LCAP feedback sessions offer structured opportunities for families to contribute to the development and revision of school improvement plans. Through the Parent Advisory Committee, parent engagement meetings, and Title I meetings, parents and students help guide the school's goals and actions. Their feedback is also gathered through surveys and direct communication with school leadership.

By engaging families in meaningful ways, we ensure the school's improvement strategies and resource allocation reflect the community's needs. Our commitment to continuous improvement is demonstrated by regularly reporting back to families on how their input has influenced changes in the school's policies and practices. This ongoing feedback loop helps maintain a responsive and effective educational environment for all students.

## 2025-26 School Safety Plan

The California Virtual Academy takes staff and student health and safety seriously. Because the school is a virtual school, there is no need for a school building where classes are held daily. The administrative office currently complies with all ADA, OSHA, and local health and safety requirements. The school has obtained all necessary permits for these offices including a building and fire marshal inspection and/or a certificate of occupancy.

Immunization forms and other pertinent medical records are kept (confidentially) on file by the school administration. Parents are expected to ensure that their children obtain proper immunizations before matriculating pursuant to Chapter 1 (commencing with §120325) of Part 2 of Division 105 of the Health and Safety Code. The school may exempt students from enrolling who are not properly immunized pursuant to §48216 (a-c) of the Education Code. Those parents who are having difficulty obtaining immunizations for their children will be provided information on where to get immunized in their community. All pertinent and required health and safety documentation is collected at the time of hire or enrollment, as appropriate. Documentation is on file in the student's records or employee records held in security at the Simi Valley, CA office. Copies of employee records and student records can be made available at the request of the School District.

The Comprehensive School Safety Plan is reviewed annually with educational partners in the fall and then updated by staff. The school board approves it every year in December. The plan is discussed with school staff at the beginning of each semester.
