

Monitoring Goals, Actions, and Resources for the 2025-26 Local Control and Accountability Plan (LCAP)

This template is intended for internal monitoring purposes only. The 2025-26 LCAP template and instructions should be consulted when completing required documents.

(6) (A) The superintendent of the school district shall present a report on the annual update to the local control and accountability plan and the local control funding formula budget overview for parents on or before February 28 of each year at a regularly scheduled meeting of the governing board of the school district. (B) The report shall include both of the following: (i) All available midyear outcome data related to metrics identified in the current year’s local control and accountability plan. (ii) All available midyear expenditure and implementation data on all actions identified in the current year’s local control and accountability plan.

Goal 1

Goal Description

Increase student achievement and proficiency for all students, including unduplicated pupils and those with disabilities.

Expected Annual Measurable Objectives

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Mid-Year Outcome Data	Desired Outcome for 2026-2027

Actions & Measuring and Reporting Results

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
1.1	<p>Professional Development Professional development will focus on the implementation of the essential components of a Professional Learning Communities (PLC) and improving instructional practices based on data to address gaps in English language arts and math proficiency and improve academic growth for all students. A focus on the identification and understanding of essential standards (rigor), common grading practices, common formative assessments, collaboration, and the sharing of best practices as identified through observational data should improve proficiency. The professional learning community model ensures that students learn and are not just taught. Additionally, teachers will be provided with systematic professional development and coaching on Social Emotional Learning (SEL), aligned with the CASEL 5 framework.</p>	Yes	Ongoing Implementation	N/A	<p>Professional development across grade spans continues to focus on strengthening Professional Learning Communities (PLCs) through the use of student data to improve instructional practices in English Language Arts and mathematics.</p> <p>At the TK–2 level, school leaders met in person in September and will reconvene at the end of February to collaboratively analyze student proficiency, attendance, and growth data. Leaders developed SMART action steps to address identified needs, with targeted supports for English Language Development (ELD) students, Special Education (SPED) students, and African American students in mathematics. Attendance data indicate positive progress, with chronic absenteeism decreasing by approximately 1–2% compared to end-of-year 24/25 and September 2025 data. Continued efforts focus on supporting African</p>	\$69,189.00	\$34,390

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
					<p>American, socioeconomically disadvantaged, and Hispanic students to strengthen consistent engagement and attendance.</p> <p>In grades 3–5, teachers have administered multiple English Language Arts and mathematics assessments aligned to grade-level standards. Assessment results are used within PLCs to adjust instruction, provide targeted small-group support, and implement reteaching strategies to support continued academic growth.</p> <p>During the first semester of the 24–25 school year, middle school professional development centered on building and sustaining high-performing PLCs. Staff partnered with a Solution Tree associate to strengthen collaborative practices, analyze student achievement data, and implement results-oriented instructional strategies to improve student outcomes.</p>		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
					At the high school level, professional development emphasized personalized learning and the effective use of existing tools to identify intervention and extension needs for all learners. Staff analyzed STAR 360 data during PLC data digs to identify underlying gaps in ELA and mathematics and plan targeted Tier 2 and Tier 3 interventions. Ongoing professional development will continue to support data-driven instruction, meaningful interventions, and instructional extension opportunities aligned with the goal that every student means every student.		
1.2	<p>Instructional Coaching Instructional coaches (IC) support the PLC process by partnering with teachers to reflect on their instructional practices and set goals seeking student outcomes as well as cycling through the four critical questions in collaborative administrative teams around what we want teachers to know and be able to do in their live instruction. IC use research-based coaching techniques to help teachers identify areas of focus, set specific goals, and implement teaching strategies designed to improve student achievement.</p>	Yes	Ongoing Implementation	Instructional Coaches visited 99.1% of classrooms during quarter one and 99.8% of classrooms in quarter two. They met with 99% of teachers in quarter one and 99.5% in quarter two. Many teachers are choosing to	Teachers were surveyed about their instructional coaching experience. 86.1% of teachers say their partnership with their instructional coach led to academic growth of students. (evidence is provided by teacher) 99.8% of the time the Seven Partnership Principles were present (Equality, Dialogue,	\$436,329.00	\$159,808

1.3	<p>English Language Support The school offers a Structured English Immersion (SEI) program, and services for English Learners (ELs) are based on the Initial ELPAC, annual Summative ELPAC, Interim ELPAC, and ongoing local formative and summative assessments, in alignment with the California English Language Development (ELD) Standards. Assessment results from these state and local assessments are used to create individualized language proficiency goals that drive Designated and Integrated ELD instruction and support throughout the school year. For all English Learners, implement a Designated ELD curriculum that is research-based, aligned with the California ELD Standards, and taught by highly qualified ELD Specialists. In addition, provide Integrated ELD instruction and support by content area teachers who possess the required EL Authorization. Provide English Language Arts (ELA) and Math academic support sessions, using scaffolding and strategies to help make</p>	Yes	Ongoing Implementation	<p>43.1% of English learners (grades K-12) demonstrated growth on the Connect to Literacy benchmark.</p> <p>42.9% of English learners (grades K-12) demonstrated a listening domain growth on the Connect to Literacy benchmark.</p>	The Connect to Literacy™ Benchmark Assessment is aligned with the California English Language Development (ELD) Standards and reflects the structure and expectations of the ELPAC (English Language Proficiency Assessments for California). English Learners (ELs) who demonstrate growth on this benchmark show meaningful progress in their English language proficiency as a result of targeted ELD instruction. These gains suggest that the student is building the	\$273,392.00	\$88,937

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>the rigorous academic content comprehensible for and accessible to English Learners at all language proficiency levels. In addition, provide all students with access to tutoring on-demand in English and in multiple other primary student languages from Tutor.com, as well as live instructional support from a Paraprofessional Educator to meet the specific needs of students nearing and exceeding English language proficiency and reclassification. Ensure the ELD Department can revise and align the instructional resources and programmatic plans to meet the changing needs of the school's English learners through meaningful summer projects that have positive student impacts in measurable ways during the school year.</p> <p>Identify and monitor the progress of Long-Term ELs (LTELs) and At-Risk LTELs (AR-LTELs). In addition to the required Designated and Integrated ELD, provide LTELs, AR-LTELs, and Reclassified to Fluent English Proficient (RFEP) students within the four-year monitoring period who are not demonstrating success in content area classes with: Tier 2 and Tier 3 language intervention with supplemental programs that target the speaking, listening, and writing domains of California's ELD Standards, tier 2 content area intervention for Guaranteed and Viable Curriculum ELA and Math standards, and tier 3 reading intervention</p> <p>using the grade level department's tier 3 reading intervention program. Support Newcomer students with tier 3 language intervention using intervention software specifically designed to meet the needs of English learners at the beginning/novice English proficiency level, in addition to the required Designated and Integrated ELD. Identify ways to support newcomer students and their families to ensure the students receive the appropriate services and</p>				<p>skills necessary to engage with more complex academic language tasks and is advancing toward higher proficiency levels in preparation for future success on the ELPAC.</p> <p>The Positivity Project is a resource designed to strengthen the listening proficiency of our English Learners by integrating character education with the practical application of listening skills aligned to the ELD standards. Through the program's interactive audio and video stimuli, students engage in activities that require them to process, interpret, and respond to complex verbal information in ways that mirror real-world communication. This intentional focus on active listening supports growth in the listening domain, as demonstrated by measurable improvements on the Connect to Literacy benchmark assessment.</p>		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>resources, within and beyond the school setting, to benefit their success.</p> <p>Provide effective language assistance to Limited English Proficient (LEP) students and families with the role of a bilingual engagement coach for Spanish (the school’s highest primary language other than English, as determined by language census data) and an on-staff interpreter/translator for Arabic (the school’s second highest primary language other than English, as determined by language census data). Prioritize family engagement through Spanish and Arabic Language Coffee Chats for Learning Coaches, Storytime in Spanish and Arabic for students and families, and the offering of parent meetings in English and Spanish, with translation tools provided for access in other primary languages. Gather input from educational partners through the quarterly ELAC and DELAC meetings and annual ELD Needs Assessment Survey for staff and parents/guardians.</p> <p>Use feedback provided from all educational partners and EL achievement data to determine staff professional development annually. Offer professional development for ELD Specialists responsible for Designated ELD, focusing on the school’s Tier 1 ELD curriculum using an ELD standards-aligned program, Tier 2 program – supplemental software that targets the speaking, listening, and writing domains, and Tier 3 Program – intensive intervention software specifically designed to meet beginning/novice English proficiency and reading needs of EL students, as well as high-impact research-based scaffolds and strategies that align with California’s ELD standards. Offer all teachers responsible for Integrated ELD with professional development to address the language and academic needs of students in content area classrooms, including cultural proficiency/competency training, how to utilize</p>						

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	the state-adopted ELD standards in tandem with the state-adopted academic content standards, and scaffolds and strategies to provide language clarification and acquisition support during content area lessons.						
1.4	<p>Instructional Support Learning Recovery Emergency Block Grant (LREBG) Action</p> <p>The school implements a Multi-Tiered System of Supports (MTSS) to deliver targeted instruction and support, ensuring all students receive interventions tailored to their needs. MTSS is an evidence-based framework shown to improve student outcomes by identifying and addressing academic, behavioral, and social-emotional needs early (McDaniel & Flower, 2015). Teachers use formative and summative assessments to monitor core instruction (Tier 1) and identify students requiring additional support through small-group (Tier 2) or individualized (Tier 3) interventions (Fitzpatrick & Knowlton, 2009).</p> <p>Instructional Leads oversee student progress in Math and English Language Arts, monitor participation in supplemental instructional programs, and provide training and additional instructional support to ensure effective implementation. Special education paraprofessionals support students in small groups or individually during live instruction, ensuring inclusive access to interventions. The Reading Coordinator collaborates with teachers to implement and sustain a literacy program grounded in research-based practices aligned with California’s ELA and Literacy Standards (What Works Clearinghouse, 2018). MTSS Coaches play a critical role in strengthening implementation by guiding data-</p>	Yes	Ongoing Implementation	During Semester 1, Amira, was implemented with second-grade students identified as needing additional support in oral reading fluency. The program provided personalized reading practice and immediate feedback. Results showed that 52% of students who met usage expectations demonstrated growth in the DIBELS Reading Assessment. 48% of students who participated but did not meet usage expectations demonstrated growth. The	<p>The mCLASS Math assessment was administered to K to 2nd grade students to identify learning needs and determine appropriate levels of support. The assessment informs targeted instruction and remediation to better meet student needs. Following the October benchmark, approximately 10% of students were identified as needing Tier 3 support. By the mid-year assessment, 45% of students who initially required intensive support progressed to Tier 1 or Tier 2.</p> <p>The high school has made steady progress toward its STAR 360 assessment goals, which focus on helping students understand their assessment results and supporting teachers in using data to inform instruction.</p>	\$322,261.00	\$65,943

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>informed decisions, supporting tiered intervention planning, and facilitating professional learning. Coaching is recognized as an evidence-based implementation support that significantly increases the fidelity and sustainability of MTSS practices (Fixsen, Naoom, Blase, Friedman, & Wallace, 2005; McIntosh, Filter, Bennett, Ryan, & Sugai, 2013)..</p> <p>These coordinated efforts directly address the areas of academic need identified in the school's needs assessment, particularly in math and reading proficiency and equitable access to support services. By layering these interventions and closely monitoring student progress, the school ensures that all learners receive timely, targeted support to meet essential standards and achieve academic success.</p> <p>This action was selected based on the findings from the school's needs assessment, which identified significant academic gaps in English Language Arts (ELA), and mathematics. All students and the student groups of English Learners, Long-Term English Learners, Students with Disabilities, Socioeconomically Disadvantaged, Homeless, African American, White, Hispanic, Asian, and Two or More Races were identified as "Very Low" or "Low" on the ELA and Math CAASPP assessments. (Metrics 1.1 & 1.2). These metrics will also be used to measure effectiveness.</p> <p>This action aligns with the allowable LREBG use in the area of accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports.</p> <p>LREBG Funds 25-26: \$ 194,017</p>			<p>program will be expanded in Semester 2 to include Kindergarten and first-grade students, with families able to opt in based on identified criteria to support early literacy development.</p> <p>Accelerated Reader (AR) is an online program designed to encourage and monitor independent reading. Students in grades 3–5 have access to AR to support their reading development and track comprehension through quizzes and progress data.</p> <p>% of students in Accelerated Reader (AR) classes showed an increase in reading fluency (how easily and accurately students read). 3rd 69.7% 4th 59.8%</p>	<p>Students are engaging in structured reflections at the beginning and middle of the year to better understand their STAR 360 scores and identify ways to improve their skills, building greater ownership of their learning. At the same time, teacher understanding of STAR 360 data has improved, with 62% of teachers now reporting a strong understanding of the assessment and its results, representing a 7% increase from earlier in the year. Seventy-five percent of teachers can accurately define STAR benchmarks, and 51% can accurately define scaled scores, showing continued growth in data literacy. Nearly all teachers (94%) understand that STAR 360 is an adaptive assessment that adjusts to student performance. While consistent classroom application remains an area of focus, the percentage of teachers who report using STAR data sometimes or often for instructional purposes has increased to 26.8%.</p>

1.5	<p>Career & Technical Education (CTE) The Career & Technical Education (CTE) program, focuses on the importance of career readiness education and the opportunities it can provide for youth in high-demand, high-growth job fields. Our program will continue to offer and enhance our current industry sectors of Business and Finance, Marketing, Sales, and Services, Information and Communication Technologies (IT), Arts, Media, and Entertainment (AME), Health Science and Medical Technology, and Public Services. The program also offers the students the opportunity to participate in a student-led Career & Technical Student Organization (CTSO), SkillsUSA, focusing on building student leadership skills and technical skills in preparation for college or career. The program provides small group College & Career Readiness lessons hosted by the schools' counselors, work-based learning opportunities for all students working toward pathway completion, and Project Based Learning (PBL) electives, allowing the students to be more hands-on in their learning. Dedicated CTE leadership and curriculum specialists work to ensure equitable opportunities and access to engaging and relevant content for all students. Careers and CTE course options were expanded to Middle School. Students have the option to enroll in a career exploration course. Once the course is complete, they can enroll in High School IT, Business, or AME courses for high school credit.</p>	Yes	Ongoing Implementation	<p>CTE courses pass rate for students with a CTE pathway, 76%.</p> <p>Overall CTE Pass Rate and Progress fell just below the 80% goal at 79.36% at the end of Q2, down from 81.72% at Q1. Change from Quarter 1 to 2: 57.43% to 75.37% 57.43% to 68.67% 81.28% to 81.21% 84.80% to 89.86%</p> <p>Certification Exams: Increased Pass Rate: 78% of eligible students passed certification exams at the end of</p>	<p>Actions taken to increase CTE course pass rates and certification pass rates: Principals focus on CTE pathway completers each week for WIGs. Pathway completer students who are failing courses are identified and teachers asked to provide outreach and support sessions as part of their WIG commitment. Certification teachers focus on helping students create accounts/ sign in and complete practice tests during live sessions. They created troubleshoot documents to help with this process. We also troubleshoot while proctoring the cert exams. We also offered GMetrix for students as a practice platform to help with exam prep, earlier marketing from teachers to ensure sooner conversations</p>	\$330,502.00	\$111,589

				<p>Semester 1. The Fall 2024 Certification Pass Rate was 54%.</p>	<p>with students around certifications, new K12 courses with exam prep included, test with retest opportunity, and certification "training" with new CTE teachers.</p> <p>The pass rates of the current 7th and 8th grade students taking HS CTE courses increased from 84.3% in Quarter 1 to 87.45% in Quarter 2, which is a 3.15% increase.</p> <p>The Careers Exploration course is designed to help middle school students begin thinking about their future in an engaging, age-appropriate way. Throughout the course, students are introduced to a variety of Career and Technical Education (CTE) pathways, giving them a broad look at careers connected to real-world skills and interests.</p> <p>MS Careers Explorations II Pass Rate: 54.6%.</p>		
1.6	<p>Summer School Learning Recovery Emergency Block Grant (LREBG) Action</p>	No	Fully Implemented	Summer 2025 Kindergarten to 2nd Grade % Increased proficiency	During summer school, Kindergarten through second-grade students participated in targeted instruction designed to	\$39,546.00	\$24,578

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>The MTSS model is used to determine eligibility for summer school classes focused on supporting at-risk students through extended learning time. Elementary summer classes will focus on reading and math interventions. Middle school classes will front-load students on the next grade level standards, providing foundational skills, and remediation, to prevent learning loss. The high school will offer students who are credit deficient credit recovery courses and standard courses for those who need to maintain their A-G status. Elementary will also offer a Jump Start program to allow new students to learn to navigate the online school and virtual classroom platforms, as well as build on basic skills. These classes will also provide students the opportunity to meet other students and begin to feel a part of the school community.</p> <p>This action was selected based on the findings from the school's needs assessment, which identified significant academic gaps in English Language Arts (ELA), mathematics, and chronic absenteeism. All students and the student groups of English Learners, Long-Term English Learners, Students with Disabilities, Socioeconomically Disadvantaged, Homeless, African American, White, Hispanic, Asian, and Two or More Races were identified as "Very Low" or "Low" on the ELA and Math CAASPP assessments. (Metric 1.1 & 1.2) All students and the student groups of Long-Term English Learners, Students with Disabilities, Socioeconomically Disadvantaged, Homeless, African American, White, Hispanic, and Two or More Races, were identified as "Very High" or "High" for Chronic Absenteeism. (Metric 4.2)</p> <p>To address these areas of need, the school selected a comprehensive Summer School Program (Grades K-12) as a high-leverage, evidence-based intervention. Research by the RAND Corporation (2016) found that students who participated in high-quality, voluntary</p>			<p>ELA Kinder 77% 1st 82% 2nd 40% Math Kinder 69% 1st 94% 2nd 50%</p> <p>3rd 47% of students mastered addition and 5% of students mastered multiplication 3rd 60% of participating students demonstrated growth in writing 4th 79% showed mastery in addition and 30% showed master in multiplication 4th 84% of participating students demonstrated growth in writing</p> <p>% of middle school students who demonstrated growth ELA 6 - 57.1% 7 - 81.0% 8 - 81.0% Math 6 - 81.8% 7 - 81.0%</p>	<p>strengthen skills in mathematics and reading/language arts. Instruction focused on essential grade-level standards to ensure students developed a strong understanding of the knowledge and skills needed for success. Through this focused support, many students increased their mastery of important grade-level standards, helping them feel confident and prepared as they transitioned into the next school year.</p> <p>Overall, summer school played an important role in supporting student learning and ensuring students built the foundational skills from the previous year before advancing to their new grade level.</p> <p>During summer school, students in grades 3–5 participated in targeted instruction to strengthen math and writing skills. In math, instruction focused on building foundational skills in addition and introducing multiplication concepts. Students demonstrated progress, and teachers identified areas for</p>		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>summer learning programs experienced statistically significant gains in both math and reading, particularly when programs were well-structured, lasted at least five weeks, and included enrichment alongside academic support. This aligns with the school’s design, which includes math and ELA instruction, SEL components, and enrichment to re-engage learners. This action aligns to the allowable use in the area of increasing instructional time.</p> <p>Key metrics from the needs assessment included: Below-grade-level proficiency in ELA and Math as measured by CAASPP assessments. (Metric 1.1 & 1.2) Elevated chronic absenteeism rates in the following student groups, Long-Term English Learners, Students with Disabilities, Socioeconomically Disadvantaged, and Hispanic students. (Goal 4, Metric 4.2) Credit deficiencies among high school students, putting them at risk of not graduating on time. (Goal 5, Metric 5.4) These metrics will also be used to measure effectiveness.</p> <p>LREBG Funds 25-26: \$ 39,546</p>			<p>8 - 90.0% Science 7 - 89.4%</p> <p>HS Course Pass Rates 88.51% English Learners 93.75% Students with Disabilities 85.98% Socioeconomically Disadvantaged 88.25% African American 89.33% Hispanic 86.73% White 86.85%</p> <p>HS Credit Recovery Courses Pass Rate 88.26% English Learners 91.23% Students with Disabilities 86.87% Socioeconomically Disadvantaged 86.32% African American 90% Hispanic 87.8% White 87.97%</p>	<p>continued practice as students enter the new school year. In writing, students engaged in structured lessons emphasizing the writing process, including organizing ideas, using evidence, and strengthening written responses. Teachers observed growth while identifying areas where additional support will further develop student skills.</p> <p>Rising 6th, 7th, and 8th graders participated in the Summer Bridge Program taught by middle school teachers. The program provided an introduction to next grade level content standards while reinforcing foundational skills. Students attended one hour of math and one hour of ELA each day and built academic skills such as note taking and study strategies. Afternoon social activities with teachers and peers supported relationship building and engagement. In addition, the Middle School Summer Science Camp supported rising 8th graders by providing</p>

					<p>targeted instruction aligned to 8th Grade Science standards. Students received direct instruction from experienced teachers, participated in hands on learning through the Gizmos lab, and explored key science concepts in preparation for the upcoming school year.</p> <p>High School (HS) Summer 2025 participation and pass rates overall increased though standard courses had a small decrease in pass rate. The growth we hoped for in 2025 was not achieved in part due to adoption of new platform at the start of the term. Plans in place to improve implementation of program and access in platform to achieve growth in summer 2026. Of the HS summer school participants, 8% were English Learners, 13% Student with Disabilities, 58% Socioeconomically Disadvantaged, 16% African American, 47% Hispanic, and 61% White. Students passed 88.51% of standard courses</p>		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
					(down from 90% in 2024 but still up from the year prior to that in 2023 at 76%) and 88.26% of credit recovery courses (increased from 87% the previous year).		
1.7	<p>Instructional Intervention In elementary and middle schools, weekly Wildly Important Goals (WIG) meetings provide a platform for educators and leaders to discuss their targeted, high-impact commitments aimed at helping students achieve their academic objectives. Tier 2 and Tier 3 sessions are structured to assist students in achieving personalized learning objectives aligned with the guaranteed and viable curriculum (GVCs) standards in Mathematics and English Language Arts (ELA). Educators evaluate student assessment data to identify the specific learning targets within the standards where the student demonstrates a lack of proficiency. The student is scheduled for sessions that offer focused and timely interventions. Tier 3 instruction aims to address deficiencies in foundational skills. High school teachers convene weekly for data meetings, they analyze data to identify students who require additional assistance in achieving mastery of the course standards. Teachers implement targeted intervention sessions several times a week, offering these students a renewed chance to understand the essential standards. Office hours allow students to pose questions, seek clarification, and improve their comprehension of the subject matter.</p>	Yes	Ongoing Implementation	See Expected Annual Measurable Objectives, Mid-Year Outcome Data % of students who demonstrated gains during the 1st semester (25-26 BOY to MOY) 1.8 & 1.9 Early Literacy/Reading & Math Proficiency (Star 360) Grades K-2 1.10 & 1.11 Reading & Math Growth (Star 360) Grades 3-12 Grades K-2 had an increase of 5.47% proficiency from BOY to MOY in Math and a 3.33% increase in proficiency from BOY to MOY in ELA/Reading.	To ensure every student receives the specific support they need, our school uses a specialized evaluation tool called the The SWIFT-Fidelity Integrity Assessment (SWIFT-FIA). This serves as a strategic framework for our support systems, allowing staff to regularly evaluate the effectiveness of academic, behavioral, and social-emotional resources. By using this data, our school teams can refine their action plans to better meet student needs and improve overall outcomes. The data indicates that the school has met and exceeded the growth goals set for the 2025-2026 school year. Starting with an initial implementation score of 68%, the schoolwide score has increased to 79%, surpassing the established 10% improvement target.		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
				<p>All schools and all student groups have shown an increase in proficiency.</p> <p>Middle School had an increase in Star 360 from the beginning of the year to the middle of the year. ELA went from 41.31% to 48.97% with an increase of 7.66%. Math went from 25.19% to 36.78% with an increase of 11.59%.</p>	<p>This progress is reflected across all grade levels, with the high school program demonstrating a 20.69% increase in the effective delivery of tiered interventions. These results signify that the systems designed to support both struggling students and those requiring enrichment are operating with increased consistency and effectiveness.</p> <p>Our Elementary 3–5 teachers shared their experiences using the STAR assessment to support student learning. Usefulness in determining student groupings or learning paths for students: 66% high or very high usefulness. User-friendliness for students: 73% user-friendly or very user-friendly. Usefulness of the data and reporting features: 76% high or very high usefulness.</p> <p>High school teachers self-reported the following regarding how they use the Star360 assessment to</p>

		<p>Teachers care about student success at school 100.0% School promotes academic success 99.1% School fosters and appreciation of differences and diversity 100% Overall, respondents indicated the school has a favorable climate that promotes learning. The majority of students do feel they are academically challenged.</p>	<p>Overall, respondents indicated the school has a favorable climate that promotes learning. Positive trends include students feeling that adults at the school genuinely care about them, support their learning, and encourage them to attend school each day. They also indicated that the school is a safe place for them, and teachers and adults respond appropriately to any reported bullying incident and, moreover, make it clear that bullying is not tolerated. Results indicate that there has been improvement since the last survey regarding opportunities for students to make decisions about school and class activities. As we continue to focus on this area, this year's survey results indicate that students would like more opportunities for peer interaction, building student connections, and helping others.</p>	<p>Response Rate: 21.3% Grades 2 & 5 Student–Staff Caring Relationship: 3.6 School Safety: 3.7 School Connectedness: 3.1 Student Peer Relationships: 3.5 Physical and Emotional Safety: 3.6 Harassment and Bullying: 3.7 Self-Management: 3.4 Grades 7, 9, 11 Student–Staff Caring Relationship: 4.4 School Safety: 4.4 School Connectedness: 4.3 Student Peer Relationships: 4.1 Physical and Emotional Safety: 4.6 Perceived Safety: 4.6 Harassment and Bullying: 4.4 Substance Use: 4.3 Self-Management: 4.2</p>		<p>Grades 2 & 5 - Increase school connectedness by increasing student opportunities to share ideas in class. MS/HS - Increase peer connectedness by creating opportunities for students to interact, collaborate, and help each other.</p>

Actions & Measuring and Reporting Results

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
2.1	<p>English Language Services Provide interpreter and translation services so families who speak a language other than English will be engaged in school.</p>	Yes	Ongoing Implementation	N/A	DTS is used for translations and CLI is used for on demand over the phone interpreting. ParentSquare is used to communicate with parents since messages can easily be translated into many languages.	\$16,925.00	\$4,231
2.2	<p>Engagement Learning Recovery Emergency Block Grant (LREBG) Action.</p> <p>To enhance student achievement and elevate graduation rates, the school prioritizes family engagement as a key strategy, grounded in research showing that strong family-school partnerships improve grades, attendance, and long-term educational outcomes (Henderson & Mapp, 2002). Staff proactively connect with diverse families through consistent and meaningful two-way communication, including newsletters, emails, calls, and live sessions, which research confirms is essential for building trust and increasing parental involvement in school decision-making (U.S. Department of Education, 2016).</p> <p>Recognizing that family involvement is especially critical in an independent study model, the school provides new families with resources and support to empower them as active partners in their child's learning, reflecting findings that parental engagement in virtual settings directly supports student motivation and success (Borup et al., 2014). To promote a positive school culture, the program integrates enrichment and extracurricular activities, reinforcing academic skills and supporting students' holistic</p>	Yes	Ongoing Implementation	School engagement activities are designed to support student connection, social interaction, and school belonging across all grade levels. Clubs During Semester 1, CAVA offered 70 virtual clubs for students in grades TK–12, including: After-hours clubs Monthly clubs held during the school day In-person club opportunities This represents two additional clubs compared to the 2024–25	K12 Zone Engagement Students across all grade levels can participate in the K12 Zone, which offers: Virtual outings Special events and holiday celebrations Incentive sessions Quiet zones Students in grades 3–8 have access during designated, grade-specific sessions throughout the week, while high school students can access the National K12 Zone Monday through Friday. Within the K12 Zone, students engage in games, virtual activities, and peer-to-peer social interaction. School engagement activities include opportunities for parents to connect, learn, and share input, such as Partner	\$89,190.00	\$34,574

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>development. Studies show that participation in such activities is linked to better grades, higher college enrollment rates, and stronger personal development (Feldman & Matjasko, 2005).</p> <p>The needs assessment identified areas for growth in family engagement, particularly in expanding parent participation in decision-making (Metrics 2.1, 2.2, 2.3). While current practices provide a solid foundation, research highlights the need for more intentional and inclusive strategies to deepen engagement and ensure all voices, especially those of underrepresented families, are heard and valued. All students and the student groups of Long-Term English Learners, Students with Disabilities, Socioeconomically Disadvantaged, Homeless, African American, White, Hispanic, and Two or More Races, were identified as "Very High" or "High" for Chronic Absenteeism. (Goal 4, Metric 4.2) These metrics will also be used to measure effectiveness.</p> <p>The LREBG expenses included in this action align with the allowable use of integrating pupil supports and staff training to address barriers to learning, including health, counseling, and mental health services; before and after school programs; trauma and social-emotional learning supports; and referrals for family or pupil needs.</p> <p>LREBG Funds 25-26: \$ 9,613</p>			<p>school year. From Quarter 1 to Quarter 2, student club registrations increased by 19%.</p> <p>In-Person and Special Engagement Events Engagement events during Semester 1 included: In-person and virtual outings Gingerbread celebrations Picture days (including cap-and-gown photos for seniors and vision and hearing screenings) Park days Family game nights</p> <p>Additional leadership and enrichment opportunities included middle school and high school ASB, high school Link Crew, and the Esports program for 8th-grade and high school students.</p>	<p>Engagement Meetings, Parenting with Purpose workshops, Coffee Chats, the Family Teacher Organization (FTO), the Parent Advisory Committee (PAC), and Parent-Teacher Conferences. Students Represented by School - Quarter 2 Fresno: 564 students represented (33.75%) *Up 9.51% from Quarter 1</p>

				From Quarter 1 to Quarter 2, there was a 53% increase in the number of in-person events offered. Semester 1 In-Person Student Engagement (Excluding Clubs) In-Person Events Offered: 26 Percent of Students at In-Person Event in S1: 7.6%			
2.3	<p>Social Emotional Learning, Prevention, and Intervention Learning Recovery Emergency Block Grant (LREBG) Action</p> <p>The SEL, Prevention & Intervention Department's focus on fostering supportive relationships, enhancing resilience, and strengthening social-emotional learning is grounded in research demonstrating that positive adult-student relationships play a critical role in improving academic achievement, engagement, and overall well-being. Research shows that when schools implement intentional social-emotional learning and cultivate strong, trusting connections between students and adults, students exhibit greater motivation, improved self-regulation, and stronger adaptive skills, which contribute to higher academic success and fewer behavioral challenges (Durlak et al., 2011; Oberle et al., 2016; CASEL, 2020).</p> <p>The 2024 school climate survey results indicated that students generally feel</p>	No	Ongoing Implementation	<p>% of students referred for SEL or behavior concerns that were marked as resolved by the end of the quarter. Quarter 1 76% Quarter 2 100%</p> <p>Teachers in grades 3rd-5th present monthly SEL topic. Percentages of classrooms visited that showed evidence of practices: 95% Inclusive Welcome 95% Engaging Strategies</p>	<p>During fall semester, Compass observed growth in student-reported self-awareness, self-management, and understanding of how to attend school. However, the growth fell 2% - 4% short of our 6% growth target.</p> <p>Staff members found that they needed to devote additional class time during the fall to coaching students on how to use the new student platforms. This reduced the amount of time available for SEL instruction.</p> <p>We expect to return to the typical time value</p>	\$98,023.00	\$34,510

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>supported, safe, and believe adults respond appropriately to bullying and actively encourage school attendance. However, students also expressed a desire for more opportunities to build peer connections, strengthen engagement, and contribute to school and class activities. In response, the SEL, Prevention & Intervention Department is expanding its efforts to enhance supportive adult-student relationships, scaffold learning to promote self-efficacy, and provide explicit social-emotional learning instruction. Additionally, the department is implementing specialized support and targeted resources to students and families dealing with trauma. As well as identifying and implementing protocols to ensure school and student safety.</p> <p>This action directly addresses the areas of need identified in the school's needs assessment, focusing on building a positive, inclusive school culture and increasing opportunities for meaningful student engagement and connection. The effectiveness of this action will be measured through the Student Perception of School Safety and Connectedness, as captured by the annual School Climate Survey (Metric 2.6), allowing the school to monitor progress and make data-informed adjustments to further strengthen its approach.</p> <p>The LREBG expenses included in this action align with the allowable use of integrating pupil supports and staff training to address barriers to learning, including health, counseling, and mental health services; before and after school programs; trauma and social-emotional learning supports; and referrals for family or pupil needs.</p> <p>LREBG Funds 25-26: \$ 56,314</p>			77% B.E.A.R. Expectations	for SEL instruction in the spring now that students are more familiar with the new platforms. Individual coaching will be provided to staff to ensure effective implementation of the SEL curriculum, particularly for 3~5 and HS staff where we saw some decreases in scores.

	<p>The school guidance program aligns with American School Counselor Association (ASCA) standards/domains. Counselors meet consistently one-on-one with students to address academics, mental health, and social-emotional needs, and put plans in place to help bridge gaps in learning and credit deficiency. The team conducts transcript audits to ensure proper grade entry following each grade reporting period. They ensure students have up-to-date documentation (transcripts from prior schools, AP test scores, college transcripts, etc.) on file. They focus on the early identification of students who may become credit deficient and work with school staff to put plans in place to recover credits and meet college career readiness measures. The team ensures all students remain on a path to graduation and follows them for one-year post-graduation. The team works in partnership with all departments to analyze the unique needs of students with disabilities to identify high school completion and post-secondary possibilities. The counseling team conducts weekly data digs to make meaningful commitments to identify and support significant struggling student groups. The student group of Hispanic has been designated as needing consistent attention and support in addition to other identified groups. These students receive priority contact and support from their Counselor.</p>			<p>-Number of fall graduates down 17% from the previous school year. Plans are in place to support students toward graduating with the class of 2026 in spring or summer. -Focus groups on specific sets of students and campuses have been implemented, as well as a new credit sufficiency tracking tool, as a way of catching students falling behind and taking proactive measures through quarter conferences and appropriate course enrollments to move students toward graduation within their cohort year.</p> <p>Planning/ Implementation Notes -Expand follow-up on grad rate, including</p>	<p>-See Expected Annual Measurable Objectives, 5.3 above. -Decrease in credit sufficiency from 58% at the end of quarter 1 to 44% at the end of quarter 2. Returning CAVA students had a credit sufficiency rate of 50%, down from 74% for quarter 1. (Note- 9th graders are considered 100% credit sufficient until the end of semester 1 when credits are earned.) Credit Sufficiency Tracking -Decrease in credit sufficiency from 50% at the end of quarter 1 to 35% the end of quarter 2. Returning CAVA students had a credit sufficiency rate of 50%, down from 74% for quarter 1. (Note- 9th graders are considered 100% credit sufficient until the end of semester 1 when credits are earned.)</p>		

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
				dropout monitoring and college and career readiness transparency, tracking, and education. -Increased transparency and education for students, families, staff, and leaders on credit sufficiency and monitoring. -Explore options for increased participation in the Credit Recovery program and monitor the use of state minimum graduation requirements			
5.3	Math/ELA Intervention Learning Recovery Emergency Block Grant (LREBG) Action To improve student outcomes, the school offers a range of supplemental supports, including after-hours academic support, credit recovery, and intervention software programs. Research consistently shows that extended learning opportunities, including after-school courses, increase student achievement and graduation rates, particularly for at-risk and credit-deficient students (Kidron & Lindsay, 2014; Allensworth & Easton, 2007).	Yes	Ongoing Implementation	Students needing extra support in Algebra are enrolled in an elective support class in addition to their Algebra class. From the end of quarter 1 to the end of quarter 2, students showed a % change in their	-The after hours Geometry intervention program is set to be implemented for semester 2 with our Math Lab III course to help students who are struggling in their companion Geometry course while also earning elective credits. -Mid-year Progress Update Literacy Lab Program: Overall Engagement: 27%	\$86,449.00	\$24,182

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
	<p>The AI tool and intervention software that will be utilized to provide personalized learning pathways and real-time feedback, aligning with studies that find adaptive technologies can enhance learning efficiency and engagement (Pane et al., 2015). The credit recovery option ensures that students who fall behind in credits can regain momentum, a practice supported by research linking structured credit recovery to higher graduation rates (Rickles et al., 2018).</p> <p>This multi-faceted approach is designed in response to school data indicating a significant need. The 2024 data shows that while the overall graduation rate has improved, challenges remain: the percentage of students who are credit sufficient and the percentage completing A-G requirements highlight persistent gaps. See metrics 5.1, 5.2, 5.3, & 5.4. These metrics will also be used to measure effectiveness.</p> <p>By implementing a cohesive system of after-hours academic support, credit recovery, and personalized learning tools, the school aims to close achievement gaps, improve credit sufficiency, and boost both the graduation rate and A-G completion outcomes. This action aligns with the allowable LREBG use in the area of accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports.</p> <p>LREBG Funds 25-26: \$ 35,393</p>			algebra course grade. All Students 3.5% Socioeconomic ally Disadvantaged 0.6% Hispanic -0.1% White 5.4%	were actively engaged in Literacy Lab, achieving 70% or better participation. All engaged students (100%) completed their Beginning of Year (BOY) STAR assessment. 27% showed growth from STAR BOY to MOY ELA by 5% or more. Students with Disabilities show the strongest results by far at 66.67% showing growth. Long-Term English Learners (LTEL) show a 0% success rate. Targeted intervention will occur for this group for semester 2 to ensure additional supports are in place.		
5.4	A-G Completion Increase the number of high schoolers graduating with A-G eligibility by incorporating use of the California Colleges portal in one on	No	Ongoing Implementation	The following data reflects the percentage-point difference	CAVA High School is working to help 85% of students pass college prep courses by June	\$29,148.00	\$10,571
