1. Narrative description of the Proposition 28 arts education programs funded (2500 character limit).

California Virtual Academy @ San Joaquin spent \$120,799 in Prop 28 funds during the 2025-26 fiscal year. The expenditures supported the redesign and enhancement of the Fine Arts and Music Appreciation courses, including the cost of the courses and teacher salaries associated with providing instruction. The work increased opportunities for students to analyze and interpret artistic works, apply arts concepts, and engage in creative expression. Together, the course costs, instructional staffing, and course redesign strengthened the quality, accessibility, and depth of the arts and music offerings.

In May 2026, an Arts & Music Specialist was hired to support planning for the expansion of the Arts & Music program. This multi-year initiative is designed to build a comprehensive virtual arts experience aligned with California Arts Standards and rigorous A-G coursework, while expanding opportunities in theatre, dance, music, visual arts, and media arts. Guided by Engage, Connect, and Grow, the program will increase access to arts education through coursework, clubs, performances, showcases, family programming, and community partnerships.
